My only problem is to convince you that Dr. Shoop's Resucrative will cure—is an uncommon remedy, A common remedy could not stand a test like this. It would bankrupt the physician making the offer. And I am succeeding everywhere and here is the servet of my success. I found invariably that where there was a weakness, the toside nerves were weak. When there was a lack of titulity the cital nerves lacked power. Where weak organs were found, I always found weak nerves. Not the nerves commonly thought of out the vital organ's nerves. The inside—the invisible nerves.

This was a revolution. Then my real success began. Then I combined ingredients that would strengthen, that would citalize these nerves. That prescription I called restorative. It is known the world over now as Dr. Shoop's Restorative.

Thousands are accepting my offer and only one in each forty writes me that my remedy failed. Just think of it. 20 out of he git well and these are difficult cases, too.
